Northeast (NE) Safe Logger

The Trust to Conserve Northeast Forestlands has launched a new safety training program for 2020!

Northeast Safe Logger is an entry level safety and workers’ comp. compliance training program created for loggers by loggers. This is a way for your company to create a culture of safety and reduce risk.

- 16 hours of interactive online training
- Complete on a computer, tablet or smart phone
- Done at the users’ own pace anytime day or night

Upon completion participants will get the discounted “certified logger” rate for workers’ compensation insurance in the State of Maine.

How long is the initial credential good for?

Any individual may take advantage of this training and obtain the certified workers compensation rate for the initial two years.

How does a participant apply for TCNEF requalification at the end of the initial two years?

To obtain requalification for an individual, the individual must work for a Master Logger Certified company and must submit proof of attendance to one of the approved requalification training programs to the TCNEF.

Companies can contact the TCNEF for information about becoming a Master Logger Certified company.
